

Half Mile Beer Dash & Family Fun Festival

Benefitting Therapeutic Care for Trauma & Grief Stricken Children

Sunshine's Angel's has been established in honor of Sunshine Royston and the life that she led by example in loving not only her own children but others as well. Our annual fundraisers facilitate and promote the health of children who are in need of counseling services that otherwise would be unable to afford it. When a child experiences trauma or must face a major transition in their life, it is often crucial that they receive the support and help of professional child therapists. This early intervention can often be a major factor in the future emotional health of that child and ensuring a happier and better adjusted adult. **All proceeds will be dedicated to funding therapeutic services for children.**
